INSPIRING. TIMELESS. ENDURING.

At Realstone Systems we offer limitless design possibilities with the largest high quality stone veneer product line in the industry.

Sierra Accentstone Panels

WE SWEAT THE DETAILS SO YOU DON'T HAVE TO.

At Realstone Systems™, we pride ourselves on offering the largest selection of top quality natural stone cladding in the industry. And we back it with unparalleled service and support. Realstone stands for consistent quality, integrity, timeless beauty and most of all, endless possibilities.

DIMENSIONS

consistent sizing

Each panel is made to adhere to our stringent quality standards. The result is consistent sizing, no gaps, straight edges and a beautiful installation.

COLOR

stringent color lots and tolerances

Each stone in every Realstone panel is hand selected to fall within our stringent color variance, then sorted by lot for beautifully blended coloring with no checkerboarding.

SPEC & DESIGN TOOLS

spec docs, hatch patterns, Web Gallery

We have the design tools to support everyone from professional designers to first time dreamers. For more inspiration and design docs, explore our Web gallery and social pages or call us, we'd love to help.

TESTING

ASTM, Installation Partner support

Our products have gone through rigorous testing and meet nationally set standards for quality. For installation and care support we have partnered with select manufacturers.

CUSTOMER SERVICE

we're happy when you're happy

We believe a quality product is only as good as the people who care and believe in it. That is why our close knit team of sales and support staff is always happy to answer questions and provide the support materials you need. We can be reached by phone, email, social media and live chat on our website.

PACKAGING

well packaged for safety and convenience

Our products are optimally packaged for convenience and protection from damage during transportation and on the job site. Less breakage means less waste.

GREEN

recycled raw materials

Many of our products contain pre-consumer recycled content, providing green benefits and possible LEED points. Ideal for those looking to incorporate responsible products into their projects.

THE BEST PROJECTS START WITH REALSTONE.

Not all stone veneer is created equal and with our focus on quality, innovation and customer service we will delight you every step of the way. A high quality product makes a big difference during installation by reducing waste and time which is why many installers will only install stone veneer products made by Realstone. Realstone quality starts at the quarry and ends with gorgeous stone veneer projects.

Estate Stone

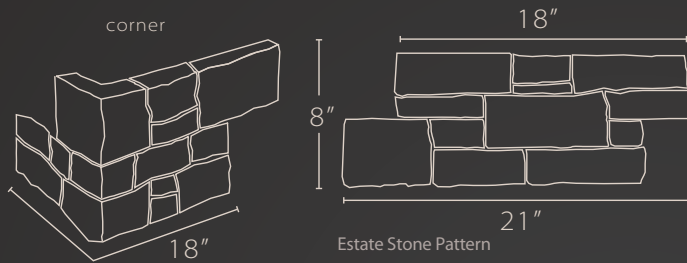

Centuries of design tradition of old world European structures brought to life in a collection of premium natural stone veneers hand picked and crafted for simple elegance and timeless beauty.

Greystone Gold Estate Stone Panels & Corners

ESTATE STONE PANELS

Realstone Systems searched the globe for premium stone to create our Estate Stone products. Inspired by ancient European structures the panels have an impressive scale and regal appearance. The unique fingered panels are made of thick stone veneer pieces adhered to a stainless steel mesh for fast installation. A complete line of panels, corners and accessories make a full installation fast, easy and gorgeous.

HIVE

COLLECTION

Chiseled Cream, Barnwood and Driftwood Hive Tiles

Etched Hive Tile

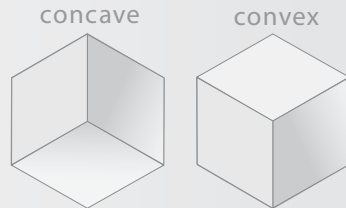

Barnwood Hive Tile

Chiseled Hive Tile

HIVE TILES

Hive features a modern geometric design with deep relief patterns on hexagon shaped tiles of varying depths. The tiles are patterned in wood, chiseled stone and an etched linear pattern, fitting together to create a visually stunning display of endless geometry. Different patterns can be obtained by installing the two tile sets of convex and concave tiles or mixing the various colors. Hive tiles are made through a laboratory tested process, utilizing recycled marble and travertine.

*All claims and technical information is provided by the Hive manufacturer. Information is subject to change without notice.

1. Barnwood and Driftwood products may temporarily produce an odor which will dissipate over time. 2. Product must not be installed in direct contact with heat source. Hive tiles are made of engineered marble and travertine stone which inherently lack uniformity and are subject to variations in aesthetics, color, shade, finish, tint, hardness, strength resistance, density, etc. These qualities are inherent in the nature of the product and are not to be considered latent defects. Realstone Systems does not provide installation services.

ANTIQUED WOOD PANELS

THE LOOK OF WOOD, THE DURABILITY OF STONE.

Driftwood Panel, Corner

ANTIQUUE WOOD PANELS

The life like appearance and texture of reclaimed wood in a maintenance free system that is water- resistant, non warping, non splintering and incredibly durable.

- Vertical Interior/external use, can be used in dry or wet conditions.
- Matching corner pieces.
- Easy to install panels are consistent in shape and size.
- Impervious to insects.
- Easy to clean.
- Does not splinter, warp or rot.
- No fire code issues.
- Does not fade.
- Low maintenance, doesn't require re-staining, sealing or ongoing up-keep.
- Made of recycled stone dust mixed with epoxy for a durable, non-porous material.

ARCHITECTURAL ACCENTS

Realstone accessories are produced from the same natural stone source as Realstone panels and planks. Completing a project with Realstone accessories ties everything together and provides a finished, consistent look. The accessories are available in standard sizes and reduce cutting, waste, and labor. The result is a beautiful, seamless, natural stone installation. More images at www.realstone.com

CORNERS

Our pre built corners are time and labor savers. Standard panel corners come in two fingered pieces that fit neatly together for inside and outside corners. Estate stone corners are pre-built as one piece and Antique Wood corners come in 5 individual pieces that fit into the fingered ends of the panel.

Colors	Most panel colors			
Type	Description	Avg. Size	Avg. Gauge	Avg. Weight
Panel Corners	two fingered pieces that fit together	6"x16", 6"x 8"	0.5"- 2.0"	8.8-12 lbs.
Alesio Corners	two fingered pieces that fit together	6"x14", 6"x 10"	.37"-1.0"	8-9 lbs.
Estate Stone Corners	pre-built as one piece, stone on stainless steel mesh	13"x 5" x 8" *	0.8"- 1.5"	12-13 lbs.
Antique Wood Corners	5 piece set	11.875" total height	0.5"	2.67 lbs.

* approximate

NATURAL ENDS

Natural Ends are the solution for installations with an exposed edge. Each piece is finished on the two short ends. Natural End pieces can also be used as outside corners.

Colors	Most panel colors	
Avg. Size	Avg. Gauge	Avg. Weight
6" x 24"	0.5"- 2.5"	8.8-12 lbs.

HEARTHES & COLUMN CAPS

Hearths are commonly used for fireplaces, but can also be used as wall caps, or anywhere a thick, flat surface is needed. Column caps are a larger version of the hearths, with all 4 edges chiseled or split face.

Colors	Charcoal*, White Birch, Latte, Mocha Birch, Nero, Pewter, Greystone Gold, Bristol Black, Berkshire Buff, Spalted Oak, Creme, Smoky Beige		
Product and Finish	Avg. Size	Avg. Gauge	Avg. Weight

2017 Realstone Systems, L.L.C. All rights reserved. Product availability subject to change without notice. The photography and color samples shown have been reproduced as accurately as our technology permits and are for representation only. To ensure the highest satisfaction, we strongly recommend you view an actual sample prior to ordering stone. Realstone stone products are made from natural stone found in nature. All natural stone products lack uniformity and are known to produce variation in color, texture, hardness, density and strength. It is common for natural stone to change its appearance over time due to exposure to weather, erosion, pollution or other factors beyond Realstone Systems, L.L.C.'s control. As a result, some characteristics that may occur include color tone change, release of minerals, flaking, cracking and chipping. Color bleeding may occur due to oxidation from mineral content of the stone. All products sold are with the understanding that these qualities are inherent in natural stone and are not to be considered latent defects. Realstone Systems, L.L.C. cannot be held liable in any cause of action and makes no expressed or implied warranty of merchantability or fitness for a particular purpose for any type of application. Natural stone is not suitable for all uses. Customer must determine appropriate use or fitness for a particular purpose for any natural stone products purchased. Realstone Systems, L.L.C. recommends that you consult with a professional installer to confirm that natural stone is right for your project. Realstone Systems, L.L.C. does not warranty damage caused by occurrences that are outside of our control such as improper installation, settlement, fire, acts of nature or natural characteristics of stone as outlined above.
